

HEEL CUP WITH STRIPS

ABOUT THE PRODUCT

The Heel Cup with Strips is designed to provide extra cushioning and stability to your heel. Made with Progel material, it absorbs shock, reduces pressure, and relieves heel pain caused by conditions like plantar fasciitis, heel spurs, or prolonged standing. The attached straps help keep the heel cup in place for secure and comfortable use.

BENEFITS

- Elastomeric Oil Dispersion Technology based shock absorbing, fore foot pain modifier, impact resistant against high heel shear forces.
- Anti-slip & prevents abrasion, anti-perspiring & elastomeric-blood flow enhancer.
- Absorption of the shock on the ankle, knee, hip joints and spine.

HOW TO USE

- Slip the heel cup over your heel like a soft sleeve.
- Adjust the strips so they sit comfortably and securely.
- Wear with your shoes or slippers for added cushioning and support.

Instructions : If the product gets dirty or sticky, clean with talcum powder, rinse with mild shampoo and water, shade dry, and avoid direct heat.

Safety : Keep away from heat and sharp objects.
