

# HIGH ARCH WITH HEEL PAD

## ABOUT THE PRODUCT

The High Arch with Heel Pad combines superior arch support with cushioned heel protection for all-day comfort. It helps maintain proper foot alignment, reduces strain on arches and heels, and relieves pain from conditions like plantar fasciitis or flat feet. Soft yet supportive, it fits comfortably in most shoes, making every step easier and more comfortable.

## BENEFITS

- Starter arch with front wedging prevents progressive flat foot, calf muscle stiffness, painful shin splints & progressive pain towards ankles.
- Provides posture correctness controls undesired foot motion and prevents transferring of pressure on knees, hip and spine.

## HOW TO USE

- Place it firmly inside your shoe or slipper, smoothing out any air bubbles.
- Test the grip by taking a few steps to ensure stability.
- To remove, gently peel from one corner without leaving residue.
