

# ARCH SUPPORT WIDE

---

## ABOUT THE PRODUCT

A wide arch support is designed to provide stability and comfort for individuals with flat feet, low arches, or wider foot structures. It helps distribute body weight evenly across the foot, reducing pressure and enhancing overall alignment.

---

## BENEFITS

- Provides added stability and comfort for flat feet, low arches, and wide feet.
- Distributes body weight evenly to reduce pressure on the foot.
- Improves overall foot alignment for better balance and support.

---

## HOW TO USE

- Place the arch support inside your shoe with the curved side under your arch.
- Adjust the position until it feels comfortable and supportive.
- Wear your shoes and walk a few steps to ensure proper alignment and fit.

---

**Instructions :** If the product gets dirty or sticky, clean with talcum powder, rinse with mild shampoo and water, shade dry, and avoid direct heat.

**Safety :** Keep away from heat and sharp objects.
