

# TOE SEPRATOR

## ABOUT THE PRODUCT

Gel toe separators can help improve foot health by realigning toes, relieving pressure, and preventing issues like bunions and corns. Made from a soft, flexible gel, they provide comfort while creating space between your toes, which also helps to improve circulation and strengthen foot muscles.

## BENEFITS

- Cushioning relief from the pain & soreness associated with soft corns or toes rubbing/chafing by reducing shear and inter digital pressure.
- Absorbs pressure & friction to end pinching & cramping; prevent aggravation of toe infection due to touch.

## HOW TO USE

- Slide the spreader onto your toes, ensuring each toe fits comfortably into its slot.
- Adjust gently so that toes are separated but not stretched uncomfortably.
- Wear during daily activities, exercises, or while resting for better alignment and comfort.

**Instructions :** If the product gets dirty or sticky, clean with talcum powder, rinse with mild shampoo and water, shade dry, and avoid direct heat.

**Safety :** Keep away from heat and sharp objects.
