

# TOE SEPRATOR WITH 1 LOOP

## ABOUT THE PRODUCT

The Toe Spreader with One Loop is designed to gently separate and align your toes while providing secure placement with a single loop. The soft gel loop fits over one toe to hold the spreader in place, preventing slipping during movement. It helps reduce friction, relieve pressure, and improve toe alignment for conditions like overlapping toes, bunions, or discomfort from tight footwear.

## BENEFITS

- Helps separate and straighten toes for improved foot posture.
- Minimizes rubbing and pressure between toes.
- Keeps toes apart to avoid crowding inside footwear.
- Made from soft, skin-friendly gel suitable for long wear.

## HOW TO USE

Slide the loop over the designated toe and position the gel separator between the toes. Wear during regular activities or rest.
