

COMMOD SEAT PAD

ABOUT THE PRODUCT

A corrugated commode seat pad is a specialized cushion designed to provide comfort and pressure relief when using a commode chair or raised toilet seat. Made from a durable, water-resistant gel or foam, the pad is shaped to fit securely onto the commode seat. Its corrugated (ridged) surface enhances airflow, reduces heat and moisture build-up, and helps to distribute weight evenly, minimizing the risk of skin irritation or pressure sores during use. It is a hygienic solution for individuals with limited mobility who require the use of a commode.

BENEFITS

- Gel commode pads provide comfort and relief while toileting.
- These gel toilet seat cushions are easy to clean with standard disinfectant, will not support microbiological growth and do not absorb body fluids or odors.
- Will does not leak, flow, or bottom out.

HOW TO USE

- Place the pad on your chair with the corrugated surface facing up.
- Sit carefully, ensuring your hips and thighs rest evenly on the pad.
- Adjust for comfortable pressure relief and support.

Instructions : If the product gets dirty or sticky, clean with talcum powder, rinse with mild shampoo and water, shade dry, and avoid direct heat.

Safety : Keep away from heat and sharp objects.
