

GEL FINGER TUBE

ABOUT THE PRODUCT

Gel Finger Caps are soft, stretchable protectors designed to provide instant relief from pressure, friction, and pain. They are ideal for those suffering from corns, calluses, cracked skin, cuts, or minor injuries. The gentle gel lining cushions the finger, preventing irritation and promoting faster healing. Made from skin-friendly, durable material, they can be washed and reused, offering long-lasting comfort and protection throughout the day — perfect for everyday use.

BENEFITS

- Digital Caps are a soft, comfortable, and stretchable fabric cap fully lined with Progel for all-around digital protection for relieving pressure and friction on the affected toe or finger.
- Relieves discomfort caused by painful ingrown toenails, hammertoes, toe tip, corns and blisters.
- Can be used to help treat nail or skin problems due to dryness.
- Fit toes or fingers (average cap length is 3").

HOW TO USE

- Clean and dry your finger.
- Gently slide cap over finger.
- Ensure comfortable, snug fit.
- Wash and reuse after use.

Instructions : If the product gets dirty or sticky, clean with talcum powder, rinse with mild shampoo and water, shade dry, and avoid direct heat.

Safety : Keep away from heat and sharp objects.
